# UFOs and ET Abductions

***'We are the garden...The gardeners are extraterrestrials from other worlds!'***

Dolores Cannon is a past-life regressionist and hypnotherapist who specializes in the recovery and cataloging of 'Lost Knowledge'. During the past fifteen years as a UFO investigator, Dolores has used her skills to help people who have been involved in abduction cases. She has written several books on the UFO information revealed by volunteers while under hypnosis. Her research indicates that here on Earth, 'We are the garden...The gardeners are extraterrestrials from other worlds!'

UFO Sightings and Abductions by aliens were just the beginning, the tip of the iceberg. Dolores Cannon's work in hypnosis has taken the study beyond abduction. This accumulation of 'Lost Knowledge' includes:

- \* Cases of missing time
- \* Spacecraft from other dimensions and planes of existence
- \* Condensed or distorted time
- \* The differences and functions of various alien races
- \* And much more

Dolores traces the phenomenon from the simple to the complex. Exploring areas untouched by other investigators, she makes the unbelievable become acceptable and understandable.

Dolores Cannon has toured much of the globe to discuss her particular brand of psychic research and was the first foreigner to receive the Orpheus Award in Bulgaria for the highest advancement in the research of psychic phenomena. Dolores has appeared on various specials on the BBC, CBS, NBC, FOX, ABC, the Sci-Fi Channel and A&E television networks among others and has done over 1000 radio talk shows.
