A Spiritual Revolution

*The year 2004 is a portal into a deeper awakening
of cosmic and spiritual consciousness.*

On January 8th, Randy Wasserstrom, a Raleigh astrologer, will address the Spiritual Revolution taking place in 2004 and the astrological influences which are “causing” that Revolution. Randy will discuss how 2004 is a portal year into deeper awakening of cosmic and spiritual consciousness, even while outwardly appearing to be fraught with crises on the physical, sociological and environment planes. The more crises, the more God! In 2004, the dichotomy between our physical senses and what we feel intuitively will be magnified to help us learn lessons of faith more deeply.

Because Uranus is now in Pisces and Neptune in Aquarius, we will begin seeing an extraordinary social/spiritual revolution that will continue until about 2012. Both Uranus and Aquarius represent revolution, especially in terms of upending old notions about faith. Although it is purely unconscious and happening on a global level, this revolution will also affect each person’s inner self by creating shocking leaps of faith and intuition at unexpected times. To grow and flourish through this time will require a new “language of the heart” - an intuitive, receptive, “feminine” energy which Randy believes is the language of the new age.

Please join us and be sure to come with ideas and questions. Opportunities for sharing from the audience will be available!

Randy Wasserstrom, MSW, is a professional astrologer from Raleigh, NC, with 20 years experience doing consultations, classes and lectures.
