Financial Astrology as a Spiritual Discipline

Astrology is a divinely inspired system. It permits us to become more aware of the connections between our everyday material concerns and the Ultimate Spiritual Reality that underlies and informs all existence. According to Tim Bost, when real astrology is put to the highest possible use, it opens us up to new realizations of the opportunities that we have as spiritual beings.

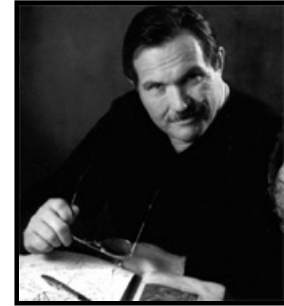

Tim Bost of Sarasota, Florida, one of the worlds leading financial astrologers, has gained an international reputation for his skill in using planetary cycles to analyze investment opportunities and to forecast economic and market trends. But Tim comes to his work with a deep awareness of the power of money as a force for positive transformation in the world. In fact, he views our relationship to money as an opportunity for spiritual practice, and astrology as a metaphysical tool that can aid our personal evolution as it enhances our material success.

When we use astrology intelligently, we gain important insights into the spiritual essence in our lives. We also have the opportunity to ground those insights in pragmatic, real-world actions. Tim believes our involvement in spiritual matters is an intrinsically practical endeavor because we are spiritual beings learning to live in a material world, and not the other way around. Please join us Thursday night as Tim discusses how to open ourselves up to the full range of possibility in our lives, with the goals of maximum spiritual strength and optimum material comfort.

Tim Bost is not a typical investment advisor, financial planner, or market analyst. As a financial astrologer, he uses his knowledge of planetary cycles to forecast market trends and to identify the individual equities that offer the best prospects for profitable trading. Tim shares his expertise each week in *FinancialCyclesWeekly*, an email service he provides to clients around the world.

In addition to being fully certified by the American Federation of Astrologers, the National Council of Geocosmic Research and the International Society for Astrological Research, Tim has more than 35 years of experience helping clients from all walks of life with business planning and personal development. He is the author of *How To Find the Money in Your Horoscope*, the *Basic Stock Market Astrology Home Study Course*, and *Beyond Symbolism in Financial Astrology*, as well as hundreds of articles and monographs.

Tim currently lives and works in Sarasota, Florida. He can be reached by phone at 941-921-2588 or via his website at www.TimBost.com.

Meditation Leader

Elizabeth C. Wilson (Beth) will lead the meditations at the October 7 SFF meeting. Focusing on the theme of abundance and prosperity, the early meditation will be chakra balancing through various modalities.

Beth brings a rich spiritually-based healing background to her work. She assists clients in empowering their ability to co-create through practical, useful ways in interactive sessions. She helps clients through Reiki, Feng Shui, Astrology, Crystals, Labyrinths, Aromatherapy, Tarot, Kabbalah and Shamanism.

Co-President and a founding board member of the Network of Triangle Astrologers NCGR Chapter, Beth has been a professional astrologer for 25+ years. She makes astrology both personal and available to the community. She is involved in Earth Grid Healing and offers Space Clearing/Blessing and other Sacred Ceremonies as an Interfaith Minister. Beth is also trained in Monroe Institute Gateway Program, Tarot and Medicine Cards. Because our Earth's stewardship is based on awareness, ability and action being transmitted to our next generation, Beth has taught art in the Chapel Hill/Carrboro Schools for 10+ years.
