

Spiritual Frontiers Fellowship International - Raleigh Chapter presents

The Evolving Consciousness of the Next Generation

The New Children—also called Indigo, Crystal, Sky, or Star children—are unlike the children of any previous generation. They are powerful, and they are powerfully motivated to change things, if only we can help them channel their energies in positive directions. These kids, born since 1982, are brilliant, irreverent, and somewhat sassy, with a peculiar impatience with anything false, overly exaggerated, or inauthentic. The ways in which they are different are “nothing short of amazing!”

Weaving together philosophy, prophecy, and metaphysics; ancient wisdom, legends, and mystical revelation; social sciences, ecology, and the new physics; and her own research, P. M. H. Atwater shows us what is emerging in our changing times with regard to these remarkable young people. They are, she says, “supersensitive, confident, antsy, psychic, nonconformist, creative, highly aware, often angry, hard to parent, and challenging to educate. Yet they are also empathetic, creative, gutsy, and great problem solvers. Their most important and unnerving aspect is that they know. They are tuned-in to intuitive understanding and fail to be impressed by what others tell them unless it fits their inner knowledge.” (From a review by Betty Maxwell.)

These New Children are but one of several harbingers of the next age, or “fifth root,” in human evolution—perhaps more familiar to some as the arrival of the Aquarian Age, or of the Fifth World of the Mayan Calendar on December 21, 2012. Transformations of consciousness, particularly as the aftermath of near-death experiences, are seen also as evidence of a historic evolution in progress.

Dr. Atwater is herself a near-death experiencer, and a researcher in the field for nearly 30 years. She has been both the author and the subject of many magazine and newspaper articles, and she has published 10 books, her most recent being *Beyond the Indigo Children: The New Children and the Coming of the Fifth World* (2005). Learn more about Dr. Atwater and her work at www.PMHAwater.com.

Dr. Atwater’s talks and workshops are always lively, enlightening, and provocative. Don’t miss this opportunity to spend some time with one of the world’s foremost authorities on consciousness and spirituality.

Workshop: *The Coming of the Fifth World: A Great Shifting of the Ages*

The Mayan Calendar—designed to track the evolution of consciousness on the earth plane—describes nine stages of development. Dr. Atwater will compare these with the seven stages of esoteric tradition to illustrate what may be a divine plan for us. She’ll review significant astrological events from 1982 through 2132-2133; describe major earth changes already under way; and discuss relevant material from her book *Beyond the Indigo Children*, and from *Edgar Cayce’s Predictions for the 21st Century* by Mark Thurston. She will talk about our current shift into the

“Fifth World” and offer guidance, from J. R. R. Tolkien’s *The Lord of the Rings*, for handling these changing times. You are invited to share your own feelings, dreams, and thoughts about prophecy and the future.
