# *Labor & Birth of a New Earth*

*When a child is born, the miracle of birth begins with the onset of labor. Mother Earth is now literally in labor, about to give birth to a new Earth, a new cycle of evolution—a New Age. As we move through the next several years, this metaphor of the labor-birth process will be key to understanding, navigating, and embracing the unprecedented times into which we are swiftly moving.*

Join us as **Suzi Leonard** describes the challenges we face as 2012 approaches. A true understanding of the current process of Mother Earth's labor is necessary, she says, if we are to receive and benefit from the interwoven opportunities for humankind to re-invent our individual and collective realities. The high vibrational light fields that are entering the Earth at an accelerated rate challenge us to understand what is happening and to enable us to re-create and re-pattern our lives accordingly. When we are able to attune to these new frequencies, we find our connection to higher levels of consciousness. In doing so, we can navigate life with balance and harmony and consciously bring forth the perceptual shifts needed for the birth of our new realities.

Clairvoyant since birth, Suzi has had to navigate the worlds of energy and form simultaneously for over 58 years. She uses her gifts and wisdom to bring forth transformative concepts, understanding, and solutions that initiate shifts in consciousness previously unattainable.

Earlier in this life, Suzi was successful in the world of form, working as a paralegal in private law firms, an Attorney General's office, and a major international corporation; as a legal advisor; and as a legal and technical writer. This work offered a great variety of experiences in physical reality, but gave her little opportunity to use her spiritual gifts, and eventually she was led to work full time as a visionary, healer, facilitator, and teacher. For over 20 years, she has been a bridge between the worlds of energy and form, able to facilitate healing and life-altering awakenings for others, in all walks of life, and in a variety of arenas; she also teaches a variety of energetics-based workshops.

Suzi has taught and lectured to audiences nationally and internationally. Her teachings are a sojourn into higher states of awareness, unlocking and awakening a heightened ability to heal self and others. She is a healing channel for the multi-dimensional information continually being transmitted to guide humankind through this time of evolutionary transformation and awakening. "No matter where our life path takes us," she says, "we are always negotiating the world of energy and the world of form ... It is when we are consciously introduced to the energetics of life that we can truly become whole, and see any situation or circumstance from both vantage points: the energetic and the physical."

Suzi will donate a piece of "Earth Goddess Jewelry" created from all natural gemstones and sterling silver, energized with prayer, light and blessings for its recipient, as our **Angel Door Prize**.

## Our Mission

At Spiritual Frontiers Fellowship, our mission is to enhance the spiritual, mystical, and metaphysical awareness and consciousness of our community by sponsoring programs that facilitate personal growth and development and a holistic approach to health and living.

Within the scope of our mission, we choose speakers who offer a variety of views and philosophies, but SFF does not endorse any speakers' statements or beliefs. You are invited to come with an open mind and depart with all that feels true for you.

## Early Meditation

**Come early for the Healing Meditation.** The first few minutes are focused on sending healing Love and Light to Mother Earth and her inhabitants; then enjoy the remainder of the half-hour led by our guest mediator.

The Healing Meditation begins at 6:30 pm in the Ralph Waldo Emerson room. **Please arrive on time** to optimize the energies of the group.

## Something new!

Beginning with the **January program**, SFF will offer a new feature each month—a *raffle*! We'll be asking area healers, teachers, mediums, and others offering spiritually-oriented services or products to donate a session or an item of significant value to be raffled the same evening, after the break. It's a way for us to help our metaphysical community publicize products and services, and for the community, through the ticket sales, to support the work of SFF.

Tickets will be **\$5 each**, and you must be present to win; if we draw a ticket for someone who has departed, we'll draw another. We'll expect the donor to be present, so you'll have the opportunity to meet him or her, discuss the prize, and, if you are interested, buy a ticket before the program resumes.

Do you provide services or offer products—or know someone who does—that align with SFF's mission (below, left)? If so we'd love to hear from you. Please contact Jodi Brown, Treasurer@Spiritual-Frontiers.com or 747-9304.
