# ***The World Beyond Ancient Prophecies***

*Every generation has had those who are able to hear the messages that were given to help us navigate our lives on Mother Earth. We are now at a time in which many are receiving messages to illuminate us and to bring about change—many souls, now awakening, who have come here to raise our consciousness to meet the evolutionary changes taking place, and to help us move beyond the dire prophecies of 2012.*

**Grandfather Yellow Horse Man** will tell us about these prophecies and how we can participate in the process of transcending them. We have been under the influence of those who create fear from our prophecies, to the extent that many have set aside their own dreams and denied themselves fulfillment in their own lives. To see this new era of time unfold, we need to open our hearts to new visions of a future that can be conceived only by living in the present moment and to see, once again, that the Universe has always had a plan.

Yellow Horse Man is a descendant of the Cherokee, Creek, Choctaw, and French Nations. He has been on a journey of learning for over 35 years, traveling as a peace elder to many parts of the world. Through monthly “Medicine of the Heart” public talks, described as “insights and celebrations of life,” he has brought together thousands of people to relearn the true message of peace and divine love; topics have included “Steps to Overcome Life’s Obstacles,” “Raising Exceptional Children,” “2012 and Beyond,” and more. He is an international speaker and won a National Interfaith Council Beacon of Light Award in 2007 for his lifetime of service to humanity; and he is the author of the books *Children: The Messengers of Peace* and the soon to be released *Messages From the Heart*. He is also an accomplished artist.

In a variety of healing workshops, he teaches ground-breaking techniques for growth, engendering the higher level of consciousness required to open people’s hearts so they see the beautiful human beings that they have always been.

From the moment of creation we have been guided by original instructions, he says, and even in this world of illusion we will be guided beyond 2012. We will move into a new era of exchange in which our world will open up to new creative thought, we will see each other as one sacred family living in Creators’ sacred dream of peace, and all things as we know them will be placed in the opening of man’s consciousness.

A copy of the CD *Messages from the Heart* will be our Angel door prize; additional CDs as well as drums, native crafts, jewelry, and books will be available for sale, with a portion of the proceeds going to support SFF.
