2005: Year of the Aquarian Phoenix

Each year has a guiding theme. Moon ruled year 2005 opens the world to the transforming energies of Aquarius and sets the stage for the next Moon year in 2012.

On Epiphany, Charlotte Astrologer Steve Nelson will provide a preview of 2005 including auspicious times for business, spiritual awakening, realizing creative potentials and deepening our relationships, and will share thoughts about how we as a group can shed light on the coming year. *Epiphany* means "manifestation of divinity," so expect a miracle.

2005 begins with Pisces ruler Neptune at mid Aquarius passing the baton of spiritual power to the New Age ruler Uranus. Numerologically, this year will be a seven (2+0+0+5=7), which is the ray number of Uranus. The Moon conducts the 7th Ray energy of Uranus, particularly in Moon ruled years of the seven-year cycle of planets and rays. The 7th Ray of Ritual Order and synthesis brings exciting technological innovations and opportunities for joint commercial enterprise as well as opening the door to spiritual transformation.

2005 is the Year of the Phoenix in the Eastern lunar calendar. This Wood or Green Phoenix year of the 60-year Chinese cycle harkens back to 1945--to the end of the Second World War. How may energies available in 2005 lead us to peace? A continuing challenge comes from Saturn in detriment in Cancer through the first half. It is shadow Saturn, J.R.R. Tolkien's dark lord Sauron, whose rule is fear. It is the "blackening" phase of psychic alchemy --the dark night of the soul and depression symbolized by ashes. From these ashes rises the new Phoenix. What lessons does J.K. Rowling's *Harry Potter and the Order of the Phoenix* provide that can benefit us in this time?

Steve Nelson is a professional astrologer and astro-mythologist who uses tarot and name vibration analysis along with traditional astrology to analyze charts of individuals, groups and nations. He was president of the Charlotte Chapter of NCGR for many years and is currently president of the Charlotte Theosophical Study Center. Steve is a noted author with works including five editions of the annual astrological guide *New World Cycle of Celebrations*. His original research includes a correlation of zodiacal and longitudinal degrees in an Earth Zodiac system inspired by Dane Rudhyar's *Astrological Timing: Transition Into the New Age*.

Steve is also editor and chief writer of the popular monthly email newsletter entitled *Mythic Times*. You may contact him by email at stevenelson@carolina.rr.com or by phone at 704-375.3759.

Meditation Leader

The early meditation on January 6, 2005 will feature Triad Astrologer and Gemologist **Deborah Hedgecock**. She is owner of The Beaded Moon and specializes in creating gemstone jewelry for energetic balance as well as in crystals, readings, astrology and gemstone healings.

This meditation is a technique synthesized from a variety of teachings, experiences and downloads Deborah has received over the years, and is intended to link the four Earth bodies with both this Planet, as well as one's true home, wherever that Galaxy or Dimension might be. In this meditation you will also be able to contact your Higher Guidance for insights. Deborah will supply quartz crystals for the early meditation, but participants may feel free to bring their own if preferred. The crystals amplify this meditation and help to bring your liquid crystal structure into alignment with that of the Planet, so you can better carry out your mission of bringing more light to Earth.

Deborah's website is www.beadedmoon.com, and she can be contacted at 336-202-3159. She works from her home in Greensboro, NC.

Early meditation begins at 6:30 pm, and will be held in the Ralph Waldo Emerson room of the Unitarian Universalist Fellowship of Raleigh. This is the same building (Peace Hall) as the Clara Barton room, where we held meditations at UUFR in years past, but the Emerson room is on the lower level of that building. If coming from the front parking lot, go down the steps between the two buildings. There's an entry door on the right side of Peace Hall. Go in this door and down the hall, and the Ralph Waldo Emerson room is on the left at the end. If coming from the back parking lot, go up the steps between the main building, which houses the sanctuary in front and Fellowship Hall in the rear, and Peace Hall, the building to the left. Entry door will be on the left a short distance up the stairs.

Please be on time and take your seat quietly so as not to disturb the energy of the meditation. Thank you!
