# ***Secrets of the Mystery Schools Unveiled***

In our age of information and communication, we explore new concepts and redefine our beliefs as we evolve. The concept of “many paths, one destination” means that we each walk our own path, but we all seek to know more about ourselves, the world, and what is beyond our world. Whether it's about ghosts, near death experiences, sacred sites, personal experiences, or shared stories, we all seek to gain knowledge along our journey.

At this time in which we question everything that we "know" to be true, **Kala Ambrose** invites us to explore ancient teachings, also known as soul teachings, in order to bring the ancient lessons of the mystery schools into our everyday lives. Kala brings to modern light nine of these mystical teachings, including how to explore the magical universe we live in, the secret power inside each of us, and the destined journey of our souls.

Mystery Schools existed, sharing their wisdom and light on Earth, long before the civilizations of Lemuria or Atlantis. These schools still exist, working in both seen and unseen realms, in various forms of service to humanity. As humanity evolves, the teachings continue to offer their wisdom to those of us who are ready to enter the temple and become students of the esoteric teachings.

In her new book, *9 Life Altering Lessons: Secrets of the Mystery Schools Unveiled*, Kala describes the experience of being a student of the esoteric teachings—including the alchemical transformations of the heart, body, and mind; the magical universe in which we reside; the long forgotten destiny of our souls; our various bodies of energy; and wisdom from the mystery temples of ancient Egypt, Greece, and other powerful and sacred temples from around the world. In her talk based on this book, she offers us a series of practical steps we can follow to explore what it was like to study in a mystery school and to learn the meaning of these teachings. They are as timely today as they were thousands of years ago.

Kala Ambrose is an author, metaphysical teacher, intuitive, speaker, and internet talk show host. Her thought-provoking interviews on “Explore Your Spirit with Kala” attract listeners from around the globe; the show focuses on metaphysical, spiritual and paranormal topics.

Kala brings a broad range of skills and studies to her work and to our program. She shares the ancient wisdom teachings at the mystery school The Temple of Stella Maris, where she lectures on esoteric teachings, ancient myths, developing intuition and psychic ability, business intuition, enhancing your life through traditional feng shui, the meaning of abundance and prosperity in the Universe, auras and chakras, crystals and gemstones, sacred symbols, dream interpretations, and wise woman wisdom (also known as the divine feminine). She also conducts paranormal research with her group The Rowan Society and is working on her next book.
