Astrology General Synopsis  
January 7, 2021

**JANUARY REVIEW:**

- **Mercury** early in month moves into Aq. Catching up with Saturn Jupiter and squaring Uranus around the 2<sup>nd</sup> week. Giving a loud and assertive voice to the Sat/Jupe conj. Sq. Uranus. Expect that to be stubborn, opinionated, controlling, authoritarian, dissenting, rebellious, surprising and sudden.
- **Venus will oppose US Venus** - tension, a standoff, unreciprocated feelings and will be conjunct Pluto for a minute at end of month opp mercury influencing conversation about finances, money extremes 1% vs the 99%, insecurities, relationships (who is the boss, breadwinner, the one to blame), the Reset and questions of control.
- **Mars** enters Taurus and heads for Uranus to accentuate its energies when they meet up around mid-month right around the time Uranus goes Direct. Expect change, clashing energies, and more confusing information (Mars sq Neptune in US chart). Temper tantrums, anger.
- **Merc** goes RX in 26°Aq. at end of January and remains so for 3 weeks of February. Pretty much on U.S. Moon in same sign as Jupiter Saturn. Issues of technology and science triggering us emotionally and a time to ponder if we are communicating in the best most authentic way possible, and to ask ourselves if we are thinking for ourselves and just how responsible are we going to be with technology? I also feel like there will be an attempt to roll out some questionable policies and regulations, some major financial changes and an increase in law suits against politicians responsible for such massive business losses will begin. It could also trigger more leaked information that sheds light on just how corrupt we have allowed everything to get, how naïve we have been, and some remarkable feats of standing up and demanding truth and justice.
- **Jupiter and Saturn conjunct** – new opportunities to restructure our lives to infuse them with greater meaning, authenticity, responsibility, justice, and camaraderie. A chance to rethink all the things in our world that we co-create and contribute to that produces people so wounded that all they can do is go out and create pain and destruction. The myth that we are already a democracy with a fair and functioning justice system will prevent us from ever really becoming one.
- **Uranus goes direct** which might give the Aq. shadow an acceleration. Or it might help us come up with a healthy alternative to the Great Reset and Globalism. Changes will start to happen fast and suddenly. Designed to shake things up so we have to make choices. The test is to see whether we can make authentic choices so its a test of the individuation process. Self actualization is the only way to live authentically and it is the work so many of us either never do or put off or don't value.
- **Jupiter sq. Uranus (& Mars) joined by Mercury a week later and Saturn a couple weeks later:** will help us either create some stubborn new dogma/narrative to rally around or will help us craft a more just and meaningful future.
- **Mars conj. Uranus mid month:** adds to the tension and discord. Once we mature and expand beyond the limiting belief of race and realize there is just one race- humanity, and that the concept of race was invented and used to manipulate for financial ulterior motives, the divide and conquer scheme will be weakened. We have a chance to wake up to just how much finances/Money is a root motivator and that that is based on fear.

**FEBRUARY REVIEW:**

- Looks like it is NOT going to be an easy month. Rebellious and revolutionary energy, people feeling wounded and disappointed. Anxiety and hysteria, brought on by massive changes and chaos, as we begin to see more clearly the extent of the lies and manipulation. As a nation we have reinvented ourselves several times and I would say this is one of those periods requesting a major reinvention. Most definitely in the area of finances and economics. It is time for us to mature into the idealistic narrative we wrote for ourselves in 1776 so that we can actually be what we have pretended to be for centuries- land of the free. First we have to own up to the disparity between the myth of America and the reality of it. If we want to become the democracy we have been dreaming and hallucinating our selves to be, only we can fix this.
- **Mercury goes Rx in Aq.** most of the month, accentuating and giving us time to ponder all our impending sci-fi future. Sun, Jupe and Sat all in Aq squaring Uranus Lilith and mars there is a lot of rebellious and revolutionary energy triggered by feeling wounded and disappointed.

- **Venus** also goes into Aq. To add to the mix. Conj Pluto bringing up money issues and insecurities. 2<sup>nd</sup> week it is conjunct Jupiter Saturn after having hit the US S. node so there will be a surge of that old structure -to see the masses as profit fodder, but Jupiter wants more from us than that and will inspire the population to push back.
- **Saturn sq. Uranus** again mid month. Lots of changes to governmental and societal structures. Changes a lot of people probably didn't see coming. An attempt by shadow Aq. energies to implement an authoritarian, selfish and cold, sci-fi, version of the Aquarian age. Saturn sq Uranus will last pretty much off and on the whole year and then beyond. Exact- Feb 15. June 14. Dec 24th. Dec 9/2020-3/2022. 15 month influence. Lots of changes to governmental and societal structures. Changes a lot of people probably didn't see coming. An attempt by shadow Aq. energies to implement Great Reset Digital control future.

**MARCH** : A very Neptunian month of combativeness, confusion, questionable realities, manipulation and lies, insecurity, financial struggle. Thought you were confused in 2020. Wait for it....

- 5<sup>th</sup> Mars enters Gemini heading for US Uranus and Mars return as anger, and projection escalate.
- 16<sup>th</sup> **Merc enters Pisces** by end of month conj. Trans Neptune opp US Neptune Expect more disappointing communication and even more confusing and manipulative stories that make you question reality itself. This might be the perfect time for a fake disclosure. This along with the Neptune sq. in a few days.
- 21 and 22<sup>nd</sup> **Venus/Sun enter Aries** heading for US Chiron expect authoritarian emotionally triggering events, and the people pushing back against tyranny.
- **21<sup>st</sup> Neptune sq. US Mars for several weeks right before Neptune op. is EXACT.** This feels like it could be very problematic, martial law, escalation of aggressions.
- **Venus** meets up with Neptune 3<sup>rd</sup> week, financial issues, control, peer pressure as part of manipulation,
- **MERC-** joins Neptune by end of month expect some very confusing communication, and with Venus sq US Venus some arguing and debate.

**APRIL**: This might be the month that the great reset attempts to mandate digital money system. At end of month when Sun, Venus, Mercury, meet up with Uranus in Taurus in the US 5<sup>th</sup> house of speculation.

- **Mars** return for US then goes over Venus and the rest of the US Stellium in Cancer
- **Pluto** goes rx for a few months- backing up to oppose US Merc again like it did in January. More opportunities to learn about the complexities of discernment and emotionally manipulative communication, another chance to heal the shadow and emotional wounds (chiron sq/opp sat) A chance to increase our countries EQ Emotional quotient, to learn to be ourselves despite external pressures to conform.
- **Jupiter** lands on US moon (1<sup>st</sup> time) right before Pluto goes Rx. Infusing us all with a bit of spring hope maybe Mars on US stellium helping us feel strong again after a very long period of fear and feeling victimized. It could also give us the courage to stand up for ourselves, It's an influx of energy that makes us want more emotional room to be who we are. Doesn't bode well for the controlling elite unless they manage to sell us on the new religion of global control called the great reset.
- **5<sup>th</sup> merc enters Aries sq. US Venus** – financial issues, pressure to conform and backlash against it.
- **9<sup>th</sup> Mars return for US. (May 2019 last one ) Squaring T. Neptune opposition to US Neptune on 19th**
- **19<sup>th</sup> Neptune opp US Neptune 22° Pisces**  
(exact April 19<sup>th</sup> – end of May, Rx July 24-Sept 6<sup>th</sup>, Feb- March 2022-) **THIS IS BIG! Lies and secrets revealed or more lies told.** So expect the clash between propaganda/lies and the impulse for authentic change for the better to be at odds. Issues regarding boundaries such as autonomy over your own body to be in the limelight. And whatever you think is truth and lie might need more research. Things are not what they seem. Either we fall for some more false fabricated narratives or we write a really creative, functional one for ourselves.
- 23<sup>rd</sup> Venus 10° Taurus conj. Uranus Sudden or digital/tech change of financial institutions.  
27 April: **Pluto Retrograde** 26° Capricorn just short of the Pluto return. Giving us a bit more time to prepare for that big event maybe?

**MAY:**

**Jupiter –Just after Neptune in Pisces opposition** Jupiter enters Pisces briefly (last time 2010-2011) - asking us to find deeper spiritual meaning, to turn inward more, to be more compassionate.

**May 26 Eclipse Lunar- Sag** –Step out of bubble of safety and talk to someone very different from yourself, Contemplate the idea of nonduality, and of Humanity being one family of interesting, lovely and diverse individuals.

23 May: **Saturn Retrograde** 13° Aquarius

29<sup>th</sup> Mercury Rx Gemini 24-16° - Good time to rethink things and gain greater clarity, make a better plan, write a better story.

**End of May beg of June** - While T. Neptune is Sq. US mars it will also be trining Mars in the sky which will be conjunct the US mercury. I would like to think this means more secrets revealed which it may- but it certainly looks like insecurity and confusion as well.

## **JUNE**

14 June: **Saturn square Uranus** 05:11 pm EST Tran-Tran 13° Aquarius 07' Rx This is a roughly yearlong period that occurs every 22 and a half years, which, although it may not impact you specifically more than others, is usually a pretty risky time to live in. It marks conflicts across the board between radical and conservative ideologies that tend to spiral and have difficulty finding peaceful resolutions. Naturally, this provides an underlying tension to everybody's life that makes harsh realities harsher and good times more desperate. If there is anything to be learned from it, it is that compromise, not confrontation, is the only way to go, and every 22 and a half years an alarming number of people fail to understand that.

20 June: **Jupiter Rx (Retrograde)** 02° Pisces backs up to 22° Aq. On US moon mid August

25 June: **Neptune Retrograde** 23° Pisces 12'

11<sup>th</sup> Mars goes into leo

12<sup>th</sup> merc enters cancer

23<sup>rd</sup> Venus enters Virgo

**Neptune opposition exact by retrograde July 24-Sept 6<sup>th</sup>** Either we fall for some more false fabricated narratives or we write a really creative, functional one for ourselves.

29 July: **Jupiter backs up into Aq. again** 30° Aquarius 00' Rx A time for us to work together as citizens to make the country a better home, with justice, tolerance, and all the ideals we thought we were expressing but weren't. Time to remember what we like about this place, what we are grateful for and what we can do to make it better.

## **AUGUST**

**Mars** in virgo all month

12<sup>th</sup> Merc enters Virgo

17<sup>th</sup> Venus enters Libra

19 August: **Uranus Rx** 14° Taurus 48' Rx

15<sup>th</sup> Jupiter Rx 27° Aq. on US Moon 2<sup>nd</sup> time- another wave of justice for the people, hope or false hope?

**19<sup>th</sup> 5 planets Rx Jupiter through Pluto all outer planets until Oct 10<sup>th</sup>** Time to rethink EVERYTHING and ponder strategy, consequence, responsibility, our philosophy and beliefs, etc etc.

## **SEPTEMBER**

**6<sup>th</sup> Neptune opposition for 3<sup>rd</sup> time** Either we fall for some more false fabricated narratives or we write a really creative, functional one for ourselves.

11<sup>th</sup> Venus enters Scorpio

16<sup>th</sup> Mars enters Libra

**27<sup>th</sup> Merc Rx in Libra** – Good time to rethink your relationships, how you do them, the people you have chosen to be with and why, what your underlying motives are regarding those choices. Who makes you feel glad to be alive and who you give your power and authority away to.

## **OCTOBER**

6<sup>th</sup> **Pluto Direct** 24° Capricorn 19'

6<sup>th</sup> Venus enters Sagittarius

10 October: **Saturn Direct** 06° Aquarius 53'

first 2/3rds of month- Saturn Rx and Direct on US S. Node

17 October: **Jupiter Direct** 22° Aquarius 20'

10<sup>th</sup> Mars and Merc Rx conjunct at 16° Libra

18<sup>th</sup> Merc direct 10° libra

## **NOVEMBER**

1<sup>st</sup> Mars enters Scorpio

6<sup>th</sup> Merc enters Scorpio and Venus Capricorn

20<sup>th</sup> Mars Uranus opposition- another flare up of dissent and opposition, demonstrations, among other things fueled by financial upset.

## **DECEMBER**

02 **Neptune Direct** 20° Pisces – Confusion lightens up and we might feel we can start to move forward again but need to be grounded, clear about what we want, and resisting self-destructive urges or impulsivity.

13<sup>th</sup> Jupiter on US moon at 27° Aquarius 3<sup>rd</sup> time- We might be feeling over confident about now. Hopefully we have learned some tolerance and can laugh more about things otherwise we might be feeling very dogmatic and opinionated.

24 December: **Saturn square Uranus** 11° Aquarius - This happens approx. every 22 and a half years, and is like a cold front meeting a warm front= storm. The desire to expand and contract at the same time can tear things apart but that gives us an opportunity to do things better the next time. We need an arbitrator during this time- both internally and collectively. Time to find synthesis and compromise. Confrontation will only make it harder.

28 December: **Jupiter Pisces** 0° Pisces Ungrounded speculation. Or inspired learning, soul's eye view, greater meaning in life, justice. Religious fundamentalism. We could however use this energy for spiritually expanding our perspective. Choice is ours.
